

CATERED AND SELF CATERED FOOD SERVICES FOR GREAT FRYUPDALE OUTDOOR CENTRE

**Good food
for all!**

Fully Catered Stay!

We offer a full and varied menu to take the hassle of food preparation and serving from your stay.

Our staff will prepare breakfasts, packed lunch, evening meal and a snack supper for you and your party from a wide selection of homemade recipes using only the finest and freshest ingredients.

Special dietary requirements are catered for and will still meet our own criteria of a varied menu plan.

In addition to the set meals, there will be hot and cold drinks available all day and three pieces of fruit per person per day. During the summer months, you will also have the option of replacing one of your set evening meals with a BBQ!

Self-Catered Stay!

We can help make your stay as enjoyable as possible by providing a wide selection of homemade “ready-meals” for you and your party to purchase and with a bit of notice, we are happy to cater a couple of meals for you if you don’t want the hassle of having to get back from a full day out in the moors and dales and then have to slave over the stove. Contact us for details. Do you fancy a BBQ? Just let us know which night and we will provide!

Personal Shopper!

If you let us know prior to your arrival what groceries you want, we will deliver and unpack them for you.

During your stay, if you need any groceries, just give us a ring.

Services for all guests!

Whether your stay is fully catered or self catered, we will provide a tuck shop in an evening where you can buy anything from sweets and crisps to homemade flapjacks, batteries, maps, camera films and even toothbrushes and toothpaste.

Sit down. Relax after a long day out in the field and enjoy!

The following are some of the homemade delights on our menus

Steak and ale pie

Pork and Apricot casserole

Lasagne

Toad in the hole

Thai curry

Fruit Cobbler

Seasonal Fruit Pie

We offer two menu types, one for children groups and one for adult groups. All our food is home cooked and we only use the finest ingredients. Where possible, we will use local produce.
